**Door Studio**

DS works with builders, homeowners and architects (like GH3 and Drew Mandel) to enhance homes with all kinds of manual and power-operated doors and windows, including front doors, garage doors and backyard enclosures. Its showroom boasts 250-plus models, among them Unilux’s eight-centimetre-thick European openings with insulated aluminum framing and wood interiors, and automated garage doors from Hörmann. DS’s custom designs also offer swing, fold, lift-and-slide and tilt-and-turn options.

**Igne Ferro**

The artisans at IF design, fabricate and install custom fireplaces and surrounds in iron, marble, wood and stone, with materials cut and sculpted on-site. IF also carries John Lyle accessories – think polished bronze andirons and decorative screens. Marquis, Valor and Town & Country’s ready-made fireplaces come in electric and ethanol varieties (suitable for chimney-less condos), while gas models from Bell Fires, Ortal and Flare are stunning – particularly Flare’s frameless model with cold-touch feature. New to IF: outdoor kitchens. 680 CALEDONIA RD 416 239 3556 IGNEFERRO.COM

**Night & Day Window Decor**

N & D offers a wide selection of blinds, louveres, shades and other window coverings, from custom wood and hybrid shutters to light-controlling sheer shades by Hunter

Douglas – including the rollable Pirouette and double-sheer Silhouette. Drapes can be customized in a variety of fabrics supplied by such brands as Kravet and Maxwell. Motorized coverings are a specialty, notably Hunter Douglas’s PowerView automated lifting system.

**Paloform**

Before opening shop in Toronto in 2011, then selling online only, owner Khai Foo spent 15 years honing high-performance concrete into sculptural fireplaces and pits in Vancouver. Hand-cast to spec with multiple fuel and finish options, these fire features are adaptable to any contemporary space – indoors or out. Also on offer is a line of modern fireplace mantels, surrounds and cladding designed and fabricated in Mississauga. PALOFORM.COM

**The Sliding Door Company**

Transform spaces with SDC’s diverse selection of interior sliding-door solutions, including room dividers, partitioned or free-standing office enclosures, as well as customized closet, swing and barn doors. SDC boasts that its patented easy-gliding roller system is the smoothest and safest on the market; its aluminum frames in contemporary forms and finishes are combined with tempered glass in varying degrees of transparency. 75 INGRAM DR 416 637 4620 SLIDINGDOORCO.CA

**Tiltco**

Unobtrusive, made-to-order, European-style enclosures – think bi-fold, lift-and-slide glass windows and doors that transform any room

into an open-air terrace in a snap – make this 28-year-old manufacturer a homeowner’s dream come true. Come for the products’ scale and strength, stay for the more than 200 colour finishes, as well as European hardware, glass-to-glass corners, integrated lighting, soft-closing mechanisms and standard multi-locking points.

**Torp Inc.**

Among an inventory featuring the very best of Danish-made design – which ranges from classic and modern furniture (PP Møbler, Snedkergaarden) to lighting and accessories (Architectmade, Muuto) and even includes high-performance doors and windows (Hajom, Lacuna, UD and more) – you’ll find such pieces of master craftsmanship as Poul Kjaerholm’s PK22 chair for Fritz Hansen, an elegant expression of leather and steel. Newer pieces include Bjarke Ingels’ open, rounded and relaxed Via57 chair, which is inspired by the architect’s first building in New York and takes cues from its unusual warped-pyramid shape.
